International Credit Union (ICU) Day® celebrates the spirit of the global credit union movement. The day is recognized to reflect upon the credit union movement's history, promote its achievements, recognize the hard work and share member experiences. International Credit Union (ICU) Day® has been celebrated on the third Thursday of October since 1948.

The 2017 International Credit Union (ICU) Day® theme - "Dreams Thrive Here" illustrates how credit union and other financial cooperatives serve as catalysts to make different professions, personal choices and career paths real. And here at PSCCU, we're all about serving our local communities and membership with socially-responsible action. We've made dreams thrive for thousands of people looking to lower their carbon footprint via our Energy-Smart Loans and GreenUp Loans. We've also helped create local jobs and support local initiatives that have a green global impact.

So for the month of October, we'd love to hear how PSCCU helped make your dreams come true by posting your stories, photos and videos on our Facebook and Twitter pages. And for every post we receive, PSCCU will donate $5 to CUAid.coop - up to $500! CU Aid is a National Credit Union Foundation that is now raising money for credit union people affected by the recent hurricanes. So share those stories and help those American citizens in need.
